

PERRY CROSS

*“Everything is possible...
Let's get moving!”*

Perry's Messages

Perry Cross inspires people to confront their obstacles in life and create opportunities to achieve new goals.

Perry “talks the walk” and teaches people to unlock the barriers of the mind, control their thinking and embrace a “can do” mental **ATTITUDE** to meet life's challenges.

ATTITUDE is at the heart of overcoming any obstacle or problem.

Empowering individuals will also empower any team, group, organization or company.

What Perry presents about ATTITUDE will lead to

- Increased sales & service
- Better team focus
- A more productive culture

Perry is able to show people the benefits of focusing on the future and not what has happened in the past.

Perry's ATTITUDE gets him out of the chair and enables him to define a new framework for success...and he can inspire others to do the same.

Perry will leave a lasting impression on those he speaks to and show each person that their potential is endless, whatever their situation.

**YOUR POTENTIAL IS ENDLESS,
WHATEVER YOUR SITUATION...
LET'S GET MOVING!**

Testimonials

“If you want to be humbled, uplifted and inspired, go and listen to Perry speak.”

Laurie Lawrence

“I was touched by a young man named Perry Cross. I wept, but I was unsure if I wept for Perry's misfortune, or the missed opportunities for the rest of us.”

David Griegs

Past President of the National Speakers Association

“It was in July 2004 that Perry was kind enough to share his brave story with the Australian cricket team. I can talk on behalf of my team-mates when I say what a remarkable young man he is, and that his positive outlook on life is really an example to us all. Perry's key principles of knowledge, courage and faith have not only helped him through his daily challenges, but also touched the lives of the many people he has addressed. He is truly inspirational.”

Adam Gilchrist

“Perry Cross is an inspiration.

His indefatigable courage in the face of adversity is a reminder to us all how the right attitude can help to overcome seemingly insurmountable odds.

Perry's honesty and good humour make him a joy to know and I am continually amazed at his ceaseless desire to help others.”

General Peter Cosgrove
